Professional Summary

Mechanical Production & Planning Engineer with **7+ years of experience** in process optimization, preventive maintenance, and industrial operations across manufacturing and heavy industries. Skilled in **Lean Manufacturing, CMMS systems, and reliability-centered maintenance (RCM)**. Proven success in reducing downtime, enhancing OEE, and optimizing resource utilization. Adept at leading cross-functional teams to achieve sustainable production targets while maintaining safety and quality compliance.

Core Competencies

Technical: AutoCAD, CNC Programming, CMMS, SAP, MS Excel, Power BI, SQL, Python

Production & Maintenance: Preventive Maintenance, Predictive Maintenance, Root Cause Failure Analysis (RCFA), Equipment Commissioning, Reliability Engineering

Management: Project Coordination, Cost Optimization, Resource Allocation, Risk Assessment, ISO 9001 & HSE Compliance

Continuous Improvement: Lean Manufacturing (5S, Kaizen, PDCA, Six Sigma), OEE Optimization, Waste Reduction, Process Reengineering

Soft Skills: Leadership, Analytical Thinking, Problem-Solving, Communication, Team Collaboration

Professional Experience

Senior Planning Engineer – Production & Maintenance

Egyptian Black Sands Company (EBSC) | Apr 2022 – Present

- Developed and executed preventive & predictive maintenance strategies, reducing unplanned downtime by **15%**.
- Implemented **CMMS-based scheduling and reporting**, improving maintenance tracking accuracy by **20%**.
- Enhanced coordination between production and maintenance teams, ensuring **continuous equipment readiness**.
- Conducted RCA and introduced cost-optimization strategies, achieving **12% annual savings**.
- Proposed technical solutions improving **sand separation process efficiency** and plant reliability.

Mechanical Design & Production Engineer

Middle East Air Conditioning Co. | Oct 2020 – Apr 2022

- Designed and manufactured central AC duct systems using **AutoCAD/CAMDUCT**, achieving 100% standards compliance.
- Operated and programmed **CNC plasma cutting machines**, increasing accuracy and reducing scrap by **8%**.
- Led preventive maintenance programs, cutting equipment breakdowns by **10%**.
- Improved inventory planning, reducing material waste by **5%**.

Production Engineer

Gade Textile Egypt | Jan 2019 – Oct 2020

- Applied **Lean Manufacturing (5S, Kaizen, Six Sigma)**, increasing productivity by **10%**.
- Introduced **data-driven KPIs**, reducing process bottlenecks by **15%**.
- Conducted downtime analysis and corrective initiatives, achieving **20% fewer interruptions**.
- Implemented employee performance evaluation systems for better engagement and accountability.

Education

Bachelor's Degree in Mechanical Engineering – Design & Production

Kafr El-Sheikh University | Jul 2018

Overall Grade: Very Good (GPA Equivalent: 3.4/4)

Certifications & Training

- **Data Analyst Certification** – DataCamp (2025)
 - **Product Management Certification** – Sprints (2025)
 - **McKinsey Forward Program** – Leadership & Soft Skills
 - **Lean Manufacturing & Continuous Improvement Training**
-

Languages

- **Arabic:** Native
- **English:** Very Good (Spoken & Written)
